

CORE CAPABILITY

Micromedex Expanded Drug Reference

International drug and alternative medicines
information

Micromedex® Expanded Drug Reference brings to you international drug, and alternative and complementary medicine content sets. Select from international drug databases, where clinicians worldwide can find unbiased information on drugs and related substances, as well as databases covering biological alternative therapies such as vitamins, supplements, and botanicals, including their effects, dosages, and potential interactions.

Trusted for 50 years by government agencies, drug information and poison centers, hospitals and clinicians alike

Helps care teams across more than 80 countries support the highest levels of patient care

Unbiased international drug information from 166 countries, allowing users to search more than 610,000 drug names

Comprehensive, evidence-based monographs on herbals, dietary supplements, vitamins, and minerals.

“We have used the international drug content in Micromedex for many years to rapidly recover the latest evidence-based information.”

International Drug Reference

Martindale

The electronic version of the highly respected MARTINDALE reference book published by the Royal Pharmaceutical Society of Great Britain offers extensive, unbiased, evaluated information on worldwide drugs and related substances. Within Micromedex you can search quickly and easily for pharmacological and therapeutic data, synonyms, and manufacturer brand names.

Index Nominum

An international drug directory of active pharmaceutical ingredients, branded medicinal products, synonyms and chemical structures covering products made by 30,000 manufacturers in 166 countries. Access 26,000 synonyms and more than 610,000 tradenames as well as therapeutic class information and ATC codes. Also covers no longer commercially available 'off-market' ingredients.

Complementary & Alternative Medicine

Complementary & Alternative Medicine Information

Herbal and dietary supplement information. Pinpoints essential data such as dosage, administration, indications, contraindications, single interactions and adverse effects.

Expanded Alternative Medicine Information

Comprehensive, evidence-based monographs on herbals, dietary supplements, vitamins, and minerals. Provides clinically focused information on uses, adult and pediatric dosing, pharmacokinetics, efficacy, adverse reactions and multiple interactions. Advice for healthcare professionals on integrating complementary and alternative medical therapies into treatment of common health conditions.

What can you do with Micromedex expanded drug reference?

- Access trusted, comprehensive, evidence-based drug information from one, consistent user interface
- Rely on unbiased, evaluated information on worldwide drugs and related substances
- Research adult and pediatric dosage, pharmacokinetics, administration, indications, comparative efficacy, contraindications, single interactions and adverse effects of herbals, dietary supplements, vitamins, and minerals
- Check whether a drug is still marketed in different countries, and whether the ingredients differ

Why Micromedex drug reference?

- Access the world's best evidence consistently across multiple drug references all in one place
- Ensure patient safety through comprehensive clinical decision support for worldwide drugs and related substances, and alternative medical therapies
- Make confident, informed decisions based on clinical reference built upon unparalleled editorial review methodologies trusted in over 80 countries for 50 years

About Merative

Merative is a data, analytics and technology partner for the health industry, including providers, payers, life sciences companies and governments. With trusted technology and human expertise, Merative works with clients to drive real progress. Merative helps clients reassemble information and insights around the people they serve to improve healthcare delivery, decision making and performance. Merative, formerly IBM Watson Health, became a new standalone company as part of Francisco Partners in 2022.
